

# The TIMES eCourse

After you have registered, you will receive your comprehensive training e-course. This e-course is extremely thorough and easy-to-understand with voice over power point, charts and thorough examples. It is done professionally and includes over 40 FOREX and Emini modules. The course is available to you online 24 hours per day so you can study it when you choose and study at your own pace. Novices can easily follow along and experienced traders will gain new insights from the straight-forward clarity, detailed charts and the logical step-by-step methods. Once you have done a thorough review of the e-course, usually within one to two weeks, you are ready to move on to your paper-trading in the live trading rooms.

Some modules included in our eCourse are:

1. Introduction
2. Candlesticks
3. Tick Charts
4. Indicator Characteristics
5. Buy Signal Structure
6. Buy Signal Recognition
