

Trading Live with the Pro's

Once you have mastered the eCourse and completed your 15 out of 20 profitable paper trading days, you are ready to start trading with real money.

Throughout your course Traders International makes the progression from each stage as easy as possible with a Roadmap that outlines all contact details and what to do at each stage of the journey. Everything you need to know or do is all laid out step by step in an easy to read roadmap.

What broker do I use?

Our members enjoy a special \$5 USD round-trip commission price through our specified brokers Halifax & Alaron (US).

How do I open a trading account?

You open your Trading Account via an on-line process. You will need to fax off 100 points of identification. There is also information on opening a trading account as a business or a trust.

What software do I need?

Traders International does not supply software however we do provide easy access to preferred trading platforms and charting software. We also provide a great deal of support on the use of this software.
